Torpedo 900

Amendments to main catalogue

The Flak smock is no longer available. It has been replaced by the Torq smock.

The AK30 is no longer available. It is being replaced by the new updated model in mid-2009

Torq jacket

The Torq jacket is a medium-weight garment designed for summer alpine mountaineering. The cut and fit are identical to the technical Flak jacket, but the face fabric is 25% lighter, the hood visor is non-wired, and the chest pockets have conventional (i.e. not Napoleon-style) access.

Price: £ 280.00
€ 370.00

Specifications

Fabric:	eVent
Colour:	Carbon
	Red
Weight:	435 g
Sizes:	Extra small
	Small
	Medium (regular and tall)
	Large (regular and tall)
	Extra large

Features

Roomy chest pockets
Adjustable mountain hood with non-wired visor
Highly water-resistant Riri Aquazips

Torq smock

The Torq smock is identical to the jacket except for the half-length centre zip which makes it a pull-on style. This style replaces the earlier Flak smock.

Price: £ 260.00
€ 350.00

Specifications

Fabric:	eVent
Colour:	Red
Weight:	410 g
Sizes:	Small
	Medium
	Large
	Extra large

Features

Roomy chest pockets
Adjustable mountain hood with non-wired visor
Highly water-resistant Riri Aquazips

Torq pants

The Torq pants are a medium-weight garment designed for summer alpine mountaineering. The cut and fit are identical to the Flak pants, but the face fabric is 25% lighter and the zips are the new highly water-resistant and very durable Riri Aquazips.

Price: £ 250.00
€ 330.00

Specifications

Fabric:	eVent
Colour:	Carbon
Weight:	375 g
Sizes:	Extra small
	Small
	Medium (regular and tall)
	Large (regular and tall)
	Extra large

Features

- $\frac{3}{4}$ -length side zips - these open wide enough to allow pulling on over boots fitted with crampons
- Waist belt - helps prevent the trousers from riding down
- Kevlar reinforcement panel on inside lower leg

Halo top

The Halo top was conceived as a simple, ultra-light down layering piece. Little did we realise that we had produced a garment with probably the highest warmth/weight ratio in the world.

Price: £ 120.00
€ 180.00

Specifications

Fabric:	20d taffeta nylon
Fill:	110 g (M) Polish 800 FP (EU) white goose down
Colour:	Carbon
Weight:	225 g
Sizes:	Extra small Small Medium Large Extra large

Features

18 cm neck zip
Lycra cuffs and hem
862 little squares filled with down (L)

Plasma jacket

The Plasma jacket is a fully waterproof down jacket. Featuring the most breathable and lightest eVent fabric, box-wall construction and welded baffles, filled with high quality Polish goose down, the Plasma brings a new level of versatility to down products.

Price: £ 275.00
€ 375.00

Specifications

Fabric:	eVent
Fill:	165 g (M) Polish 800 FP (EU) white goose down
Colour:	Black, Red
Weight:	520 g
Sizes:	Extra small Small Medium Large Extra large

Features

Roomy chest pockets
Detachable hood with wired visor
Highly water-resistant Riri Aquazips

Sleeping bags

The ultimate in sleeping bags, the **crux** bags are:

Very warm
Lightweight
Breathable
Waterproof

We believe there is only one kind of sleeping bag that is ideal for alpinism: a down-filled bag - incomparable for its warmth and lightness - with a completely waterproof shell to protect it.

The new range of Torpedo sleeping bags is a logical extension of our commitment to high performance expedition gear. We use an eVent fabric shell that is both highly breathable and fully waterproof, and combine it with the best baffling system employing the latest bonded construction techniques. Finally, we fill it with the finest Polish goose down commercially available.

All crux sleeping bags come with:

- a) A roll-top compression sac
- b) A large cotton storage bag
- c) Hang tag with EN temperature ratings
- d) Wash/care labels
